H. A. MORGAN, State Entomologist Plant Pathologist

CERTIFICATE NO. 42

SEASON 1908

TO WHOM IT MAY CONCERN:

This is to Certify. That on July 23, 1908, the nursery grounds of THE TENNESSEE WHOLESALE NURSERIES, at Winchester, Tenn., were inspected by C. PENNINGTON and myself; that the growing nursery stock was apparently free from San Jose Scale and other dangerously injurious-insect pests and plant diseases.

Said nursery is equipped for fumigating all nursery stock.

This certificate has reference to insects and diseases, and is not otherwise to be considered as an endorsement of the parties to whom issued; it does not apply to stock not grown in the aforesaid nurseries unless such stock is covered by proper certificate in favor of the nursery where grown. It is not transferable and may be revoked for cause.

This certificate becomes invalid after August 1, 1909, and cannot legally be used after that date.

Asst. State Entomologist and Plant Pathologist.

Announcement to the Trade:

 WE WISH to call your attention to our Wholesale Trade List for Fall, 1908 and Spring, 1909. For a number of years I have been engaged in the peach business exclusively, but realizing the importance of furnishing the Nursery trade generally with other stock, I have added pear and cherry in order to make up car load lots to accommodate the trade.

We are grateful for past patronage. We feel we are better equipped than ever before to furnish first-class, well grown trees.

Location

Our Nurseries are located at Winchester, Tenn., on the N. C. & St. L. Railway, about midway between Nashville and Chattanooga, Tenn., forty miles north of Huntsville, Ala. A section of country noted throughout the United States as a great nursery center. Our soil is especially adapted to the growth of Nursery stock. There has never been any scale or any other insect diseases reported near us. We have a brick packing house, a brick fumigating house and are in connection with the Winchester Water Plant, which enables us to handle goods in the best possible manner.

Terms

Cash in advance unless otherwise arranged before stock is shipped.

Claims

All claims must be made immediately on receipt of goods, or ten days thereafter. Otherwise claims will not be allowed.

Guarantee

We exercise the greatest care to keep our varieties PURE and TRUE to name, and we hold ourselves in readiness at all times to replace, on proper proof, all stock that may prove untrue. It is agreed by the purchaser that we, THE TENNESSEE WHOLESALE NURSERIES, J. C. Hale, Proprietor, shall not at any time be held liable for any amount greater than the purchase price.

Grading

We grade by height and caliper. The caliper always governing, unless specified by purchaser.

Packing

We begin packing Oct 1. and continue until about April 1. The packing is personally superintended by the proprietor, and we guarantee the delivery in first-class condition, where there is no unusual delay on account of the railroad. Usual charges for boxing and baling.

Peach

1-Year peach on Native Root

Natural Mountain, Tenn., Peach Pits have a National reputation. They are considered the best that can possibly be had.

San Jose Scale, Root Knot, Yellows and Roetzta are unknown in this locality.
